

# Medico Marketing Training Solutions & CME Program for Medical Fraternity and Pharmaceutical Professionals

**cliniminds**<sup>TM</sup>

Academy for Clinical Research and Healthcare Training & Management

**An ISO 9001:2008 Certified Academy**

# Introduction

- Cliniminds was established in year 2004, by a group of professionals from Clinical Research, Pharmaceutical industry and Healthcare industry with rich and varied experience at senior management levels. Awarded as the best Clinical Research & Health Sciences Business Management Institute in India.
- Cliniminds offers globally certified Training Programs to develop the skills in the health sciences domain. Cliniminds provides a wide range of clinical trials, biostatistics, medical writing, regulatory, pharmacovigilance, data management and other professional training programs.
- We have trained over 2,500 health sciences professionals, medical doctors, pharmacists and health professionals from India and abroad.
- We also provide training and continuing medical education solutions to the, pharmaceutical companies, CROs, hospitals, and healthcare companies globally.
- We provide trained/skilled workforce to the global life sciences industry.

# Objective

- Government regulations and industry practices are changing on how to ethically and legally engage medical fraternity when promoting your drugs/devices.
- How to engage your medical representative and medico marketing team in the scientific promotion?
- Medical fraternity is becoming more inclined towards continued medical education and research.
- As regulations and business practices are changing fast, employees in drug companies must be trained in new areas of medical & scientific writing, GCP, pharmacovigilance and other areas.
- Cliniminds as an health sciences educational institute can offer our services to specialist Doctors and your employees with our customized or off the shelf training modules and workshops.
