

CLINIMINDS AWARDED THE BEST CLINICAL RESEARCH INSTITUTE OF INDIA BY BRANDS ACADEMY EDUCATION EXCELLENCE AWARDS

I am pleased to announce that Cliniminds has been awarded the Best Clinical Research Institute of India 2011 by Brands Academy Education Excellence Awards on Saturday, 28th May 2011, at a well attended ceremony where all leading educational institutions from all over the country were present.

Cliniminds was chosen after very stringent scrutiny. All major clinical research institutes were nominated for this award. The award clearly shows Cliniminds commitment towards the clinical research industry, education and training, and reflects the quality of training, faculty, placements and values we imbibe in our students.

I dedicate this award to the entire Team Cliniminds and I am sure we would win many more such awards in the years to come.

Thanks and best regards,

Kamal Shahani
Managing Director
