

“At Cliniminds We Enlighten Your Career Growth Path”

Cliniminds has provided unmatched placement assistance to over 8500+ students till date in Indian and Multinational CROs, KPOs, IT companies and Pharmaceutical companies

Cliniminds has always assisted its students to get best placements in various domains of Clinical research, Pharmacovigilance and Pharmaceutical Business Analytics fields and our students are testimony of our claim to be the best health science training and management institute.

We at Cliniminds actively reach out to the corporate world for facilitating the best placements for Cliniminds Students. Cliniminds has a full-fledged Department of Placements which has a dedicated, experienced and professionally qualified team.

This department has a well-designed “Placement Plan” for achieving best placement objective. We work closely with our students and companies. Before bringing students and the companies face to face, the students are provided a number of services to groom them for enhancing employability. The major highlights of these services are

- Career Counselling Services
- Resume/CV Writing Skills
- Job Search Tips
- Interview Process and Strategies
- Aptitude Development
- Group Discussion Competence
- Communication and Presentation Skill Development
- Personality Development Techniques
- HR and Technical Questions Preparations
- Mock Interviews Sessions

Cliniminds has strong connect with the industry, we continuously monitor changing trends and conditions in the Indian job market. Students are provided a valuable platform for directly interacting with the industry by way of Guest Lectures, and Workshops. All this ensures the best placements for our Students.

We are sharing a few of our success stories of students who completed the program successfully and were placed by us:

Student Testimonial

Being from a life science background I have been interested lately in business analytics role in pharmaceutical industry. I joined for the Advanced PG Diploma in Pharmaceutical Business Analytics (E-Learning- Weekend) at Cliniminds. The value provided in terms of knowledge was appreciative. The teaching faculty was highly supportive in answering queries during the sessions, arranging the revision classes, and thus enabling me for the interview and placement. The classes were taken by the experts who are well versed in their respective domains. The real world and the practicality based wisdom given during the sessions made it more helpful for me to getting placed before finishing the course. I thank the entire staffs and team for their good support and works. All the best Cliniminds.

Mr. Sidharth Chakkoth

Cliniminds E Learning Program: Advanced PG Diploma Pharmaceutical Business Analytics

Selected as Business Analyst in PhamaACE

Student Testimonial

I am Dr. Monica Mani. I have a Ph.D. in Life Sciences from Manipal Academy of Higher Education. I joined the Advanced PG Diploma in Pharmaceutical Business Analytics (e-Learning- Weekend) at Cliniminds. It was a great learning experience. The staff were highly supportive in terms of providing study materials, answering queries during sessions, arranging revision classes, and also in preparing the students for interview and placement procedures. The course topics were covered by experts working in well-known pharma companies, which stands as a testament by the institute to prepare students to face real-world problems. I thank the team for the good works and support. Best Wishes.

Dr. Monica Mani (PhD Molecular Biology)

Ms. Nidhi Sus (MSc Micro Biology)

Cliniminds E Learning Program: Advanced PG Diploma in Clinical Research & Clinical Data Management

Selected as Regulatory Coordinator in Syneos Health

Student Testimonial

I am a dentist (MDS in Oral Pathology) from Kerala who had a career break from 2017 to 2020. On hearing about the prospects of clinical research and pharmacovigilance, I decided to ponder more on the various institutes, courses and the placement offers provided. A broad internet search based on the reviews and ratings led me to choose Cliniminds and through Aneezha ma'am at Cliniminds Kerala, was able to choose the required course for the qualifications I had. During these times of corona outbreak, I was enrolled into the e-learning course. Had the best faculty for Clinical Research and Pharmacovigilance like Amit Nakhe sir and Kuldeep Kinja sir who had years of experience in the industry. Apart from the interactive sessions, we had group discussions, assignments, presentations, mock interviews, practice tests, the best grooming sessions for interviews to build up the confidence level as well as mock panel interviews. Dr. Veepra ma'am did a great job in academics by taking classes as well as scheduling sessions. The Placements and Corporate Marketing head, Rahul Malia sir introduced our profiles to the various companies, followed up and made sure that we received the best. Cliniminds is a great institute and is true to their word in providing quality education and job placements. Thanks to Cliniminds and I got placed in the best Pharmaceutical company in India. Really happy that I chose Cliniminds. Student ID: 5463

Dr. Tessy Lukose (MDS)

Cliniminds E learning Course: Advanced PG Diploma in Clinical Research & Pharmacovigilance

Selected as Drug Safety Physician at Sun Pharmaceuticals

Student Testimonial

(Student ID: 5695) I am Dr Janu Prakash Babu. I am a BDS graduate and have done my PG diploma in Clinical research and Pharmacovigilance from Cliniminds and got placed at Sun Pharmaceuticals as Drug Safety Physician. I take this opportunity to thank Rahul Malia sir for his constant support and help in acquiring this position, Amit sir for conducting the mock interview which moulded me to attend the interview successfully, Gaurav sir and Soja madam for the academic and practical training provided, Veepra madam for the assistance provided throughout the course and last but not the least Ms. Aneezha who had first guided me for pursuing this course. Thank you Cliniminds Team for the excellent coaching.

Thanking you
Yours faithfully

Dr Janu Prakash Babu.
